

The AquaChamp Well Water Softener is designed to reduce the taste and odor of sulphur from well water

- A** Control head is NSF-rated which assures you the high-quality Noryl plastic construction has a long life without any material leeching into your water.
- B** Polyglass fiber woven ABS tank provides strength and durability for long life. NSF-rated to assure your safety.
- C** High-quality water softening resin ensures hardness removal for the life of the unit.
- D** Sulfastat — eliminates up to 1 ppm of hydrogen sulfide (rotten egg odor) from your water. It also eliminates up to 1 ppm of red water iron. When the brine passes through the Sulfastat, chlorination occurs throughout the mineral tank, assuring a bacteria-free tank and mineral after each regeneration.
- E** Gravel/Flint — finest stone used as underbedding to ensure proper distribution of brine and filtration.

*Outperforms most softeners!*

SIZED TO FIT YOUR NEEDS

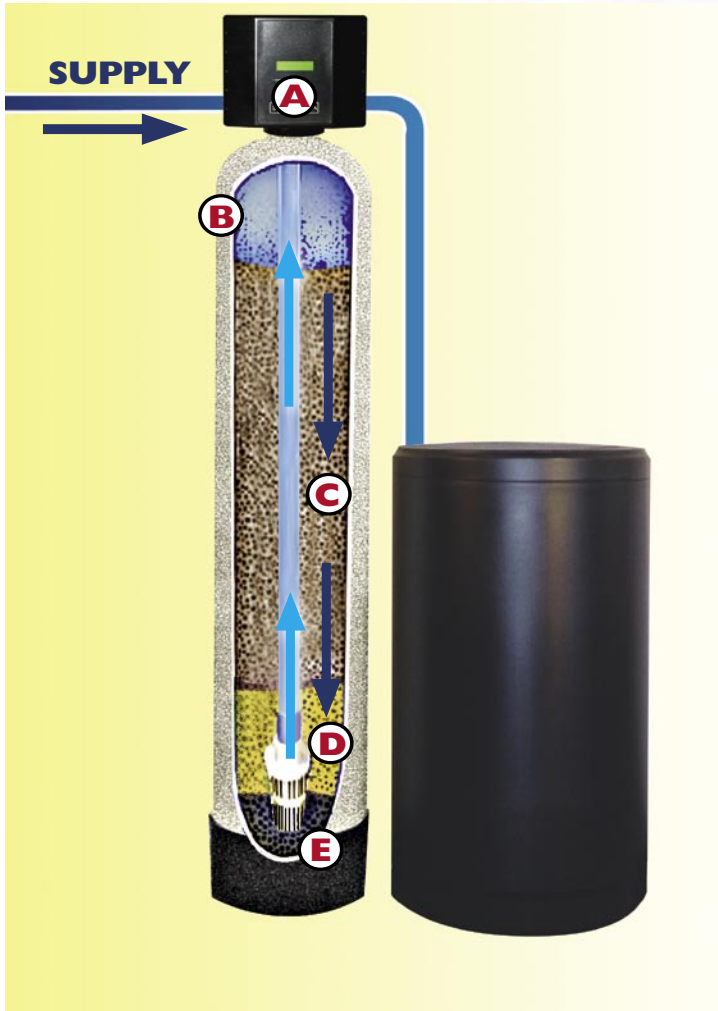

Model	Catalog #	Pipe Size	Flow Rates	Jacketed
DWC48ACKDF85	160661	3/4" or 1"	Up to 12gpm	YES
DWC64ACKDF85	160128	3/4" or 1"	Up to 15gpm	NO
DWC80ACKDF85	143103	3/4" or 1"	Up to 16gpm	NO
DWC96ACKDF85	144552	3/4" or 1"	Up to 18gpm	NO

**YOUR AQUACHAMP DEALER:**

The AquaChamp Municipal Water Softener is designed to remove the taste and odor of free chlorine from city water

**A** Control head is NSF-rated which assures you the high-quality Noryl plastic construction has a long life without any material leeching into your water.

**B** Polyglass fiber woven ABS tank provides strength and durability for long life. NSF-rated to assure your safety.

**C** High-quality water softening resin ensures hardness removal.

**D** Chlorostat — eliminates up to 99% of free chlorine (that which you can taste and smell) in water. When the brine passes through the Chlorostat, chlorination occurs throughout the mineral tank, assuring a bacteria-free tank and mineral after each regeneration.

**E** Garnet/Flint — finest stone used as underbedding to ensure proper distribution of brine and filtration.

*Outperforms most softeners!*
